CORNHOLE GAME INSTRUCTIONS

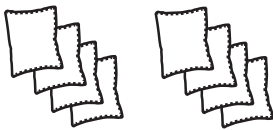

CORNHOLE IS A TRADITIONAL AMERICAN OUTDOOR GAME INVOLVING 2-4 PLAYERS. IT'S VERSATILE ENOUGH TO PLAY IN YOUR BACKYARD, AT A PARK, ON THE BEACH OR WHILE CAMPING. CORNHOLE'S INTENDED TO BE PLAYED WITH TWO BOARDS BUT YOU CAN ALSO PLAY WITH ONE, AS OUTLINED BELOW.

THE PREP

1. Open your cornhole board
2. Place the board 27 feet (8.23 metres) away
3. Draw up a foul line where players' front feet can't cross

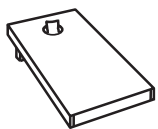

4. Pick your teams and divide the bean bags between players (four bags for each team)

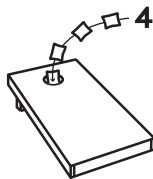

THE PLAY

1. The first team pitches one bean bag from behind the foul line with an underhand release, aiming for the cornhole board
2. The second team similarly pitches one bean bag
3. Subsequent tosses alternate between team one and team two
4. After all bean bags have been thrown, players walk down to the board to calculate their scores
5. Three points are scored for a Cornhole or one point is scored for a Woody (see definitions under 'The lingo' section)
6. Any bean bag that comes to rest touching both the ground and the board doesn't count as a point
7. Cancellation scoring is most common, where the points of one team cancel out the points of the other team (similar to bowls)
8. The next frame begins with the team that scored points in the preceding frame, or if scores were tied, retain the same throwing order as the preceding frame
9. The first team to 21 points, wins
